Tailored For Windows 8

Bitdefender Windows 8 Security is the first internet security solution specifically for the new Windows 8 operating system. It holds four major features dedicated to protect against all Windows 8 threats.

Early Start-up Scanner – Prevents dangerous malware from infecting your computer at Windows 8 startup, using ELAM technology.

Proactive App Scanner – Automatically analyses your Windows 8 apps and notifies you when one has been compromised.

Scan Boost Technology – Bitdefender for Windows 8 Experience the antivirus product you've always sought - high scanning speed, top antimalware protection and a streamlined experience.

Security Info – Bitdefender is integrated with the Windows Security Center and constantly keeps you informed of the security status of your PC.

Incorporates Bitdefender Safepay™

No longer worry about hackers accessing your accounts when online banking or shopping on the go!

Whenever you're using public Internet connections in airports, cafes, subway, Bitdefender Safepay™ will automatically protect your online transactions from prying eyes.

Offers Full Privacy Protection

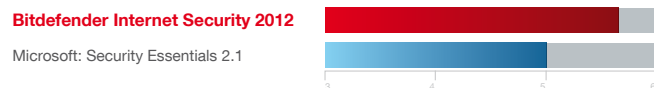

For both you and your kids.

Bitdefender protects your privacy and that of your children with every online step. We watch over your family's privacy when browsing, spending time on Facebook or Twitter or simply keeping your PC online.

Why choose Bitdefender if I already have Windows Defender?
